

GUN VIOLENCE & GUN CONTROL

Gun violence leaves us all devastated. Gun control leads to arguments. In the midst of these discussions, we need to remember that God values life - all life. We also need to remember that while we may have "rights" as Americans, our identity, as life-valuing Christians must always supersede our identity as Americans. Ultimately, while we may disagree about the means, we must all agree on the end of more peace and less violence.

SCRIPTURE VERSES

1 Corinthians 6:12
