

PROJECT 78 REPORT CARD

3 year Capital Campaign to: Build a Drop off Canopy, Preschool Playground, Special Needs Space and a Multi-Purpose Building.

Total Project (est) Costs \$6,200,000

Given To Date

THE GOOD NEWS

6.2 million for Project 78 sounds like a lot and it is. We do all of this for the Glory of Lord and to reach more people with the Gospel. The Good news is that we are not that far away from our goals. With the lending term limits in place (see below), we would need, as of today, an extra **\$509,355** in cash to be able to acquire the loan to start the Multi-Purpose Building.

We will keep you informed as we go forward. If you have any questions, please don't hesitate in communicating. You can reach out to Rick Swing (Executive Pastor) at; rswing@gowestwood.org.

P.S. The architectural drawings for the Drop Off Canopy are almost complete. More to come soon!

* NOTE: The Budget & Finance Team, Church Council and Church membership voted on putting guidelines on a future loan for Project 78. These guidelines are as follows; The loan terms will not exceed 10 yrs and \$1 million a year in debt payments. This would include the refinancing of any existing and new debt.
